## SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, April 21st, there being present Wm. H. Brown presiding, Jas. T. Casey, D. E. Blackburn, Joseph M. Francis and John MacBain.

The minutes of the meetings of April 7th and 14th were read and with slight alteration approved.

Selma A. Shaw of the Fifth township applied for State aid for her three half-orphan children. Her application was endorsed by Blackburn and on his motion, seconded by Francis, she was granted the usual allowance of $6.25 per month for each child.

Margaret Ryan of the Second township was granted $8 per month for her own support and State aid of $6.25 for each of her five abandoned children, on motion of Blackburn, seconded by Francis.

Frank Monez of Halfmoon Bay was granted temporary relief of $8 per month on motion of Francis, seconded by Blackburn.

A communication was received from the Record Publishing Company of San Francisco notifying the board that copies of the 1911 Political Code had been forwarded for the use of the township officers, and assuring the Board that a 1913 edition would not be published. Reprints of late amendments would be forwarded in due time, and when a new edition of the code is issued the old books may be exchanged without cost.

The matter was referred to District Attorney Swart for apporval.

M. F. Brown, chief of the motorcycle squad reported as follows:

Officer Lowans worked 14 days; no arrests.

Officer Brown worked 14 days; no arrests.

Officer Logan worked 14 days; one arrest and case pending.

Officer Vallejo worked 12 days; two arrests. Fines for one arrest $10.

A communication was received from the Daly City Board of Trustees asking that the usual allowance of $16 be forwarded to assist in defraying the burial expenses of a resident of that city whose family was unable to pay the undertaker's claim.

On motion of Casey, seconded by Blackburn it was ordered that the undertaker file a claim for the amount of $16.

Notices of a number of erroneous assessments were received and referred to the assessor for correction.

The following bids were received for constructing a culvert in the First township:

Alfred Mattson--$1605; extra concrete per cubic yard, $8.50; time, 20 days.

Barrett & Hilp—$1469; extra concrete, $10.50; time, 20 days.

Enrico Biggio—$1500; extra concrete, $9; time, 25 days.

On motion of Casey, seconded by MacBain, the contract was awarded to Barrett & Hilp, they being the lowest bidders.

Thomas A. Finley, representing the Ozonozo Company, manufacturers of a disinfectant and germ killer, whose place of business is in San Mateo, addressed the board on the merits of his production and asked that he be permitted to send a supply to the county buildings.

The matter was referred to the Buildings Committee.

Francis moved that the bid of $20,000, presented by Judge Fitzpatrick for the poor farm property be rejected. He was seconded by Casey and the motion carried unanimously.

In commenting on the matter Chairman Brown advised that the newspaper men visit the poor farm and become acquainted with the conditions there so that their readers may know the true state of affairs at that place. In his opinion it would require an expenditure of $10,000 to provide an adequate water supply and to dispose of the sewage. He wanted it known that the board, in endeavoring to dispose of the property, was acting in good faith and in the interests of the taxpayers.

The report of the viewers of the new road in the First township, to be used as a state highway, was taken up, Messrs. Tuchsen and Sneath being present.

B. F. Gouin testified that the grade of the new road will put his property four feet below grade; he will also be obliged to move his buildings. He made three propositions to the board as follows: That the county pay him $325; that the county make the necessary fill on his property, or that he be given $100 and 2000 yards of earth.

The latter offer was accepted on the suggestion of Arthur E. Loder, the State Highway engineer.

Michael Millett refused the offer of $500 for his land and $50 damages, claiming that he should have $1032. Further consideration was postponed until afternoon.

Paul Arata asked $2000 for his land and $500 damages. The viewers had offered him $1100. After an ineffectual attempt to make a satisfactory settlement this matter was also continued.

Arata and Lagomarsino refused the offer of the viewers of $810, claiming that their land was worth $1250 and the damages $250. This matter was also postponed until afternoon.

Hall C. Ross, representing H. H. Lynd, presented a document accompanied by a map giving the board permission to construct a bridge on the road connecting Seminary avenue and Casey lane in the Second township.

Brown asked that the surveyor be directed to estimate the cost of a concrete bridge at the place designated on the map above referred to. It was so ordered on motion of Blackburn, seconded by Casey.

On motion of MacBain, seconded by Blackburn, it was ordered that B. E. Gouin be furnished 2000 cubic yards of earth and paid $100 for the right of way through his property for the State highway in the First township.

Michael Millett agreed to accept $791 for his portion of the right of way and the compromise was accepted on motion of MacBain, seconded by Casey.

On motion of Blackburn, seconded by MacBain, the compensation of Arata and Lagomarsino for their part of the right of way was fixed at $1000, which amount was accepted.

Paul Arata refused to accept $1450 as compensation for land and damages for the road.

With the exception of the latter all the property owners were satisfactorily settled with and it is expected that Arata will accept the board's offer.

A resolution was adopted on motion of Casey, seconded by Francis, formally establishing the action of the board and of the viewers.

On motion of Blackburn, seconded by Francis, Supervisor Blackburn was authorized to install a culvert in the Gardner creek in his township at a cost not to exceed $300.

On motion of Casey, seconded by MacBain, Mrs. Borelli and Mrs. Nattli of the First township were declared off the Indigent list.

On motion of Casey, seconded by MacBain, Supervisor Casey was authorized to appoint J. J. Sullivan for one month to enforce the dog-muzzling ordinance in his township at a salary of $50.

James Pickett was granted a license to buy and sell junk in the county on motion of MacBain, seconded by Francis.

On motion of MacBain, seconded by Francis, Tax Collector McSweeney was authorized to employ additional clerical help at a cost not to exceed $90.

Arthur E. Loder, representing the State Highway Commission expressed the thanks of the body for the fine public spirit shown by the members in all of their transactions regarding the State highway. The commission will be glad to hear of the board's action and will appreciate the help that it has given to make it possible to construct the highway down the Peninsula.

Supervisor Casey replied to Mr. Loder's remarks, thanking the latter for all that had been done by him and his assistants for the good of the county, especially for the assistance given in carrying the road bond issue. On his motion, seconded by MacBain, a vo te of thanks was given to the Highway Commission, the same to be entered on the board's minutes and a copy forwarded to the commission.

Ordinance No. 26, referring to the sale of liquor at wholesale was presented by District Attorney Swart and adopted on motion of MacBain, seconded by Francis, the chairman voting in the negative.

## LOCALS WIN FROM LESLIES. BOYS' CLUB BEATS F. OF A.

Those who were fortunate enough to attend the game Sunday morning between the Redwood Boys' Club and the local order of Foresters witnessed the longest and hardest fought contest ever played on a local diamond, the club boys finally winning by a score of 7 to 6, by bunching hits in the last half of the fourteenth. The game was a pitchers' battle from the start with Chaves for the Boys' Club and Winkler for the Foresters. The former struck out thirteen and allowed eleven hits, while the latter fanned fifteen and allowed fourteen hits. Besides the pitching the game was featured by a steal home by Torres for the Boy's club and fast fielding and accurate throwing of Winter, Ramirez and Hallett of the same team. Twice the latter pegged to Lamb and nailed the runners at the plate Ramirez' spectacular stop in right prevented a certain score. Angelo Torres played a good game for the Foresters, as did J. Allain.

Saturday the Boys' Club No. 2 defeated the All Stars by a score of 8 to 6. The feature of the game was the pitching of Cochrane and his batting. He fanned eight and secured two hits. The club boys can feel proud as they have a record of five straight victories and no defeats and have held their own against teams more experienced in the game Last Sunday proved that the team has the "sand", evidenced by their playing in pinches. Next Sunday they will play again, either Menlo or the Foresters. An admission of 10c will be charged.

Last Sunday afternoon the local baseball team defated the fast Leslie Salt Co. by the score of 5 to 4. The game was a pitchers' battle between Keating for Redwood and Couch, the Stanford star, for the Leslie Salt Co., with the former being more effective in the pinches. The game was featured by the fast infield work of the locals and their batting when men were on the bases. Next Sunday the Barney Frankels will be taken on and a fast game will surely result as both teams are now playing good ball. The Frankels were looked for last Sunday but owing to some misunderstanding the Leslie Company was sent.

## SEQUOIA STUDENTS WILL PRESENT AMUSING PLAY

Next week (Friday night) the highschool is to give its annual play and this spring it promises to be a very good production. A special effort has been made to select the students from the highschool who would handle the respective roles to the best advantage and the entire effect will be pleasing, amusing and entertaining. Charlotta Boudreaux, as a waif from the Bowery, will have the center of the stage most of the time, although Grace Steinbergrer and Irene Dickey have very important parts to handle. The heavy man of the play will be represented by Stanley Thompson who won such recognition last year as clergyman. He has gone to the opposite extreme this year. A confederate of his has a strong part and Robert O'Connell takes it off very well. The country men as represented by Milton Marcus and Harold Parker are very funny and interest will be divided between them and Barney Larrecou and Tom Carleton, country boys who will create considerable merriment. Carrie Read has one of the hardest parts of the entire production, one which calls for more real acting than any other one character, and she promises to demonstrate considerable ability in the handling of this work. The cast is as follows:

Roxy, Bowery waif ..... Charlotte Boudreaux
Helen Burleigh, heiress ..... Irene Dickey
Jerusha Jane Judkins, spinster ..... Grace Steinberger
Granny Grimes, Eastside derelict ..... Carrie Read
Gregory Heath, of the world at large ..... Stanley Thomson
Jud Pardoe, counterfeiter ..... Robt. O'Connell
Timothy Hodd, country whittler ..... Milton Marcus
Deacon Potter, "trifle deef" ..... Harold Parker
William Henry, Tom Sparrow } Country boys ..... B. Larrecou, T. Carleton
Ralph Underwood ..... B. E. Myers
Mr. Brown ..... B. E. Myers
Fanny, maid ..... Rose Lauferr
Mr Filkins, officer ..... Chester Kirkpatrick

SCENES.

### Wholesalers Come to Town.

Thirty-five members of the San Jose Wholesalers' Association made a pilgrimage of the peninsula yesterday, taking in all of the cities en route. They traveled in ten decorated automobiles. The party reached this city at 2 o'clock, stopping at the Sequoia Hotel and inspecting that fine new building. Afterwards they visited the various business houses and banks. The purpose of the visit was to encourage closer realtions between the peninsula merchants and the Garden City wholesalers.

## PASSING OF A GREAT FINANCIER.

"This bank is closed on account of the death of J. Pierpont Morgan in Rome today," was the modest sign posted on the bank of the great financier following his demise. It was just such an announcement as would appear on the door of the humblest bank in the isolated village following the passing of its head. It might well remind us of the words of Shakespear:

"O mighty Ceasar; dost thou lie so low?
Are all thy conquests, glories, triumphs, spoils,
Shrunk to this little measure?"

While Mr. Morgan is not presumed to be as wealthy as Carnegie or Rockefeller, it is generally admitted that to a larger degree than any ether man in American history he commanded the wealth of others. It has been said of him that during the tumultuous times of the panic of 1907 he dragged the fortunes of the world through the marts of finance, powerless at his chariot wheels; that for days he was the supreme director of the finances of the civilized world.

While he was preeminently a financier, while the chief business of his life has been the accumulation of riches, we do not believe that Mr. Morgan was in any sense a bad man; like other great men of the financial world, he was simply a product of the "system." No dout he was a good husband and father; a kind neighbor; a really patriotic citizen. He was undoubtedly actuated by the sentiments peculiar to all mankind.

When engaged in "the game" he was doubtless cunning, resourceful, unrelenting and uncompromising. Like the freebooters of the sea, if he forced the smaller craft onto the rocks and looted them of their treasure, it was only as part of the game. But it is presumed that he fought fairly and in accordance with the rules.

He set great value on his word and held moral responsibility as at least the equal of financial ability. He belonged to the older order. A victim of the great change called death, his passing presages great change in the world of finance where he dwelt. It is hardly likely another so great in the world of finance will arise.

## LOCAL NEWS NOTES.

## LOREN COBURN REACHES END OF LAWS' RESOURCES

The Supreme Court on Wednesday denied the petition of Loren Coburn for a re-hearing of the incompentency case decided against him some time ago. The court refused to reopen the case and now there is nothing left for the aged capitalist to do but appeal to the Supreme court of the United States and it is doubtful if he will do this. Last year Azro Coburn brought suit to declare his uncle, Loren Coburn, incompetent and the case was tried before Judge Dooling and after a long and tedious trial Coburn was declared incompetent. He at once appealed to the Supreme Court and that tribunal last month sustained the findings of the lower court. M. J. Hynes of San Francisco, who is the guardian of Coburn, will now take charge of the affairs of the aged man. Ross & Ross of this city and Sullivan, Sullivan and Roche of San Francisco are the attorneys for Azro Coburn.

### Criminal Information Filed.

District Attorney Franklin Swart has filed an information against Frank La Franchi, charged with an assault with a deadly weapon on certain persons at the cemeteries near Colma two weeks ago. The district attorney has also filed an information against Marsh Donaghy, charged with an assault on William Maloney at Portola, three weeks ago. Both defendants will appear and plead to the information next Monday morning.

# WATER CONSUMERS BOUND BY METER'S INDICATION

Judge Buck has rendered his decision in the case of the Bear Gulch Water Co. against Augustus Taylor, and also filed an opinion. The amount involved was only $78.40, being for three months water bill. Taylor contended that there was a defective meter, and a leaky valve, and for that reason claimed that the Plaintiff corporation was at fault and should not receive any money. Taylor admitted, however, that he received the full benefit of the water on his premises. The opinion goes very fully into the matter, and gives the reasons why the case was decided in favor of plaintiff. The opinion is no doubt, logical and fair, and defendant should make no complaint under the circumstances. The evidence went to show that the use of the water was left largely to the gardener, and when the pumping apparatus was out of order the Bear Gulch water was used. The Taylor place contains about six acres of lawn, and consumes about 40000 gallons a day, during the summer months, and it will be readily seen that the monthly water bills run high. The case was tried in the Justice's court last December, and Judge Lampkin decided in favor of plaintiff, and an appeal was taken to the Superior Court, and the case tried last week, Judge Buck sustaining the decision of the lower court. Following is the opinion in full:

This is an action to recover money claimed to be due plaintiff from defendant for water used by the defendant during the months of July and August, and for the rate for connection of the water for September, last year. The meter was at defendant's property and if he was so inclined he could, or he could have had his help, read it at any time. The meter shows that the bill for water is correct and the fact is not questioned by the defendant. The only defense urged in this action is that the defendant did not use the water registered by the meter for the time charged for.

Then we have this state of facts: The water furnished by plaintiff ran onto the land of the defendant. There is no question as to this matter. Shall the defendant pay for the water thus conveyed to his land? The defendant claims there was a leak in the water pipe, but there is no sufficient evidence to warrant the Court to so find, and even if the Court could so find it would not aid the defendant for presumably all the pipe after it left the meter belonged to the defendant and for it or any loss of water from the pipe he was responsible. It is also claimed that the defendant's tank ran over, but even if this were so there has been shown no reason why the plaintiff should be responsible for such waste of water. The defendant's place was run by his help, he necessarily being absent during the day. Defendant had no knowledge as to the use of this water during the day other than that obtained from his help, and such evidence as was presented as to that question would not sustain the defendant's claim as to the use of this water nor would it permit this Court to find from it that the defendant is not liable for water used as shown by the meter. Such a finding from the evidence presented would be a subversion of all principles of right. There was ample opportunity for defendant to protect himself, and failing to do that this Court cannot aid him at plaintiff's expense. Judgment will be for plaintiff. This opinion is filed so that the parties may know the reason upon which the case was decided

BUCK, Judge.

## Auto Speeder Sent to Jail.

Judge Lampkin on Thursday sentenced E. D. Conolley to pay a fine of $5 for exceeding the speed limit on the Woodside road and also imposed a fine of $5 on R. E. Wilkins forexceeding the speed limit on the same thoroughfare. Both men were arrested by James Logan, the motorcycle patrolman. The court sentenced Charles Kleint to serve two days in the county jail for running his automobile at the rate of fifty miles an hour on the county road between San Mateo and Redwood City. This is the first jail sentence imposed by Judge Lampkin and unless motorists comply with the law more such penalties will be the rule instead of the exceptions.

# PREPARING FOR STREET WORK

## City Council Will Determine on Boundaries of Improvement District Next Wednesday Evening

Although the trustees are mkaing every possible effort to expedite preparations for the summer campaign of street improvement, they seem to find progress anything but satisfactorily rapid. At the meeting of the council Monday evening another delay of two weeks was encountered in an effort to heed the pleas of interested property owners for relief from at least a portion of the burden of expense. With the opening of the session, which was attended by all of the trustees and a considerable number of interested spectators, petitions were presented from several owners of property in the district provided at the last meeting for the construction of curbs and sidewalks under the general street improvement law asking that their property be excepted from the resolution and that they be permitted to do the work privately. After it had been made clear to the trusteees that such action would result in a material saving to the petitioners and that the work would be equal to all requirements when completed, the requests were granted, although this required the rescinding of the resolution already adopted and necessitated a delay of two weeks in the proceedings. As a preparatory move to this end, the resolution of intention was rescinded and the city attorney requested to prepare an amended resolution for presentation later in the evening.

The city attorney reported that in accordance with the instructions of the council he had investigated the records of the city relative to the sewer bond issue of 1892, and had found that the call for the election at that time when an issue of $35,000 in bonds had been voted indicated that the intention of the council was that the entire district embraced within the limits of the city should be sewered from the amount realized. This it was found included all the section included in within the contemplated street improvement districts. In the discussion of this report Trustee Hynding suggested that whatever might be the legal responsibility of the city, owners of this property had been compelled to bear their proportion of the expense and were equitably entitled to be relieved from further cost. While no definite action was taken, the question being deferred until a further meeting, this seemed to be the prevailing sentiment.

No action was taken looking to the county of jurisdiction over the County road for street improvement purposes, the city attorney reporting that he had been informed by District Attorney Swart that the Board of Supervisors was not yet ready for proceedings looking to the recently auhorized road improvements. In this connection Chairman Merrill suggested that should the supervisors decide not to improve this portion of the roadway to its full width it would be advisable for the city to require the completion of the work at the cost of owners of abutting property, the streets within the city limits being none too wide.

The usual monthly reports of the city officers and employees were presented and approved. From these it appears that the receipts for the general fund of the city were as follows:

| | |
|---|---|
| Refund from State | $442.11 |
| Recorder's fees | 110.00 |
| Liquor licenses | 2525.00 |
| Miscellaneous licenses | 292.00 |
| Water connections | 71.00 |
| Sewer connections | 10.00 |
| Taxes | 3655.47 |

At the time of making his report the treasurer had a balance of $1,402.81 in the general fund. The water fund showed a balance of $2,517.45, while there was a balance of $1,213.10 to the credit of the library fund.

For the labor of erecting the new fence at the Broadway bridge, C. Cussen submitted a bid of $37.50, while Daly & MacKenzie offered to do the same work for $15.00. With this wide difference in bids, but little time was required to reach a decision and the contract was awarded to Daly & MacKenzie, without the use of pencil and paper.

Street Superintendent Dickey reported that he had completed the extensive work of mosquito eradication which had been under way for the past two months, and that the indications were that the work had been successful. While the total expense of the work had been $1028, much of this had been expended for machinery and appliance which were in the nature of a permanent investment.

On motion of Trustee Hynding a fire alarm box was ordered installed at the corner of Main and Maple streets.

The Redwood City Hotel Company was granted a retail liquor license for the new Hotel Sequoia.

A resolution of intention to order the laying of sidewalks and construction of curbs in the proposed street improvement district, as amended in accordance with the action earlier in the evening was adopted.

With the completion of the general business on the files of the clerk, the trustees devoted considerable time to a general discussion of the plans for street paving in the proposed improvement district, during which a general outline of the portions of the city to be included in the work was suggested and the city attorney instructed to prepare resolutions of intention in accordance with the suggestions. These resolutions will be considered at an adjourned meeting of the council next Wednesday evening, when it is hoped to take final action. As outlined the district proposed included all of the Eastern, Diller and Hancock additions. As it is desired that there should be no further delays, it was suggested that all owners of property who have suggestions to make should be present at this meeting. At the same meeting it is intended that plans shall be made for the extension of the prsent street lighting system and requests in this connection will be considered.

# SAN FRANCISCO WILL JOIN IN GOOD ROADS CONSTRUCTION

The advisory board of the good roads movement has received assurance from the supervisors of San Francisco that they will cooperate with the supervisors of this county and construct a road to the county line to connect with the proposed new San Bruno road. The following letter is self explanatory:

City and County of San Francisco,
April 22nd 1913

Mr. M B. Johnson, Chairman, Good Roads Committee, San Mateo Co., California.

Dear Sir:—Confirming oral information given you and your Associates in this office today I am pleased to inform you that the Board of Supervisors of this County have provided money for the completion of that portion of the San Bruno Road in this City and County.

$75,000 is immediately avaible, and the forthcoming buget will carry an additional appropriation sufficient to make a first class highway, paved, seward and guttered of the San Bruno Road.

The Supervisors realizing that San Bruno Road is the main outlet of the City have provided to relieve property owners of half the burden of this improvement. All legal obstructionshave been removed, and it is now up to the Board of Public Work. I am informed that the work will be expedited, and I know that themoney will be provided as needed.

Sincerely youss,
J. S. DUNNIGAN, Clerk.

In view of the above it would seem advisable to proceed with the construction of the Bay shore road and all missing links in the State highway. The missing links are through the incorporated towns of Redwood City, South San Francisco and San Mateo.

## TO THE PUBLIC

The undertaking business which was established by the late James Crowe in this city some 40 years ago, and well known by all throughout San Mateo county, is still being conducted at the same location, No. 9 Webster street, under the name of James Crowe Co.

The family desires the public to know that while Mr. W. A. Crowell has bought a portion of the business and is at present the manager, they still retain an interest in said business, and they sincerely hope their many friends in Redwood City and vicinity, and the public in general, will not be misled by any statement that has or may hereafter appear to the contrary.

Miss Alice Crowe, who so ably assisted her father in all matters pertaining to the business, will serve as lady attendant when occasion requires.

It was always Mr. Crowe's desire to aid those who required his services in such a manner that, if possible, such sad hours in their lives might be made brighter; and it is to that end that we shall put forth every effort to continue the work left by him.

We would respectfully call your attention to our location, No. 9 Webster street. Phone, Redwood 39.

**HOW CHRONIC COUGHS**

**Are Being Cured by Vinol.**

Did you ever cough for a month? Then just think how distressing it must be to have a cough hang on for three months.

Mrs. Maria Primrose, of 87 Newell Street, Brooklyn, N. Y., says: "I had a very heavy cold which settled into a chronic cough, which kept me awake nights for fully three months, and felt tired all the time because my rest was broken so much. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest, and I feel much stronger in every way."

It is the combined action of the medicinal elements, cods' livers, aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient in curing chronic coughs, colds and bronchitis —at the same time building up the weakened, run-down system.

Try a bottle of Vinol, with the understanding that your money will be returned if it does not help you.

## HOME-TRADE ILLUSTRATED TALK AT BELL THEATRE.

Monday evening an illustrated lecture was given at the Bell theatre under the auspices of the Home Industry League of California. The theatre was filled with local citizens. The meeting was called to order by Archer Kincaid who strongly advocated home trading and the asking by customers for and the purchase of goods manufactured in California.

Geo. D. Baird of San Francisco was the lecturer. Moving pictures showing the process of packing tomatoes, manufacturing flour and stoves were thrown upon a large screen. Slides picturing the methods of manufacturing paint, varnish and irrigating pipe were also shown.

## ASSESSOR'S INSTRUCTIONS

### To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sits as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.

C. D. HAYWARD,
3-1 Assessor San Mateo County.
